

DIRECT RECRUITMENT TO THE POST OF PEXs IN PRASAR BHARATI THROUGH SSC

Apprehensions are being expressed by some of the employees of Prasar Bharati that the direct recruits who would be appointed would gain seniority over the promotees as per general instructions on seniority issued by DOP&T. They also feel that in view of acute stagnation in various cadres, especially, PEX cadre (as a large number of TREXs are stagnating due to non-availability of vacancies), direct recruitment need to be avoided.

In this connection, it may be clarified that all efforts are being made to convene DPCs for regular promotion to the various grades. Efforts are also being made to reduce the extent of stagnation as may be practical through Ad-hoc, In-situ promotions and CDCs. Wherever Courts have given stay orders on holding DPCs, efforts are being made to get the stay vacated in the interests of employees. The recruitment is being made after a long period and is likely to add to the net value of manpower. However, it is our endeavor to ensure that regular DPCs are held for the vacant posts. Besides, such corrective measures as may be necessary for reducing stagnation in PEX Cadre would be taken as also that no ad-hoc PEX gets reverted.
