

Pre-bid Meeting for E-tender No. DDN/Dir(P)/Tender-RNU-Graphics/2019

S. No.	RNU Queries	DD News Reply/Amendments Proposal
1.	<p>In the header (first page) it is mentioned that tender is for 10-15 Regional News Units whereas Point 1 on page 1 mentions 15 to 20 Regional News Units. Please clarify the number of RNUs that are part of this scope.</p>	<p>The total number of RNUs is 17. The list of RNUs is attached herewith.</p>
2.	<p>Page 8 point 5 mentions "Above mentioned cloud mapped Local server data may also be needed for display in Augmented Reality in Virtual / Real Set Environment at some Regional Centers of Doordarshan in regional language, on need basis and any such integration requirement shall be supported by the Bidder at requisite RNU. AR/VR component is not captured in the commercial section so this may Please clarify the requirement Augmented Reality in Virtual / Real Set Environment as this may have extra financial cost.</p>	<p>The point may be read as "Above mentioned cloud mapped Local server data may also be needed for display in Augmented Reality in Virtual at some Regional Centers of Doordarshan in regional language, on need basis and any such integration requirement shall be supported by the Bidder at requisite RNU.</p>
3.	<p>Please specify the version of CASPAR CG that is being used by these RNU's.</p>	<p>The version of the CASPER CG may be intimated in due course.</p>
4.	<p>Page 7 point 6 "The bidder should provide minimum experienced manpower to operate the Database System on Cloud of Data Agency, processing of the data at Central Processing Unit at Ahmadabad as per the specific requirements of RNUs, and integration of the cloud data with Local Servers at RNUs and to integrate Graphics System CASPAR CG and their respective testing and making it ready for Election Counting Day". If the data can be provided to us locally in Doordarshan office, New Delhi and we are based out of NOIDA, without depending on cloud processing in Ahmadabad. We can then share this data</p>	<p>The point may be read as "The bidder should provide minimum experienced manpower to operate the Database System as per the specific requirements of RNUs, and integration of the cloud data with Local Servers at RNUs and to integrate Graphics System CASPAR CG and their respective testing and making it ready for Election Counting Day".</p>
