6. How frequently should I change / modify my Password?

The Password has to be changed every 3 to 4 months. (It can be changed, after log-in using “Modify Password” link)

7. When I log-in, it says ‘Log-in failed. Contact Administrator’. What should I do?

If ‘log-in failed, contact administrator, means Password may be entered wrong or it may be disabled, so it has to be enabled. You may request for a new password from the e-Tender Help desk, who will then authenticate your request and issue a new password.

8. Renewal of Registration

When the Registration validity is nearing expiry, an alert message is displayed at log-in time. The alert message is displayed 30 days in advance from the end of validity period. Vendors should steps to renewal their Registration and send the renewal fees by DD / NEFT to the eTender Help Desk.

FAQs on Digital Signature Certificate (DSC)

1. Do I need Digital Signature Certificate (DSC) during registration process?

Yes. Class-3 Digital Signature Certificate is compulsory for all the vendors to participate in the e-tendering system. Check with the Buyer Department regarding the guidelines stipulated for use of Digital Signature Certificate.

2. Where do I buy the Digital Signature Certificate (DSC) ?

Digital Signatures can be obtained from any of the Controller of Certifying Authority, India. (refer to the CCA site www.cca.gov.in) If you have already obtained the certificate, then log-in with eToken having DSC. The certificate number will be automatically updated in your profile during your first login. Alternatively, send the Certificate Serial Number to our representative with authenticated documents to update your profile with the DSC serial number.

3. How do I get the application form and how much should I pay for Digital Signature Certificate?

It is available in the homepage of our portal. Call any of the helpdesk numbers from the website to get more details.

4. How do I update the digital signature certificate number to my user id?

Send a mail to our local representative. Mention your company name, user id and digital signature certificate number for easy and immediate reference.

5. I am displayed an error “Authentication Failed” during login, what do I do?

- a. Firstly, the above error might occur when your Digital signature certificate number is not integrated to your user id. In that case, send a mail to our local representative mentioning your company name, user id and digital signature certificate number to update the same.
- b. Secondly, to use any of the digital signature certificates, you need to enable all the ActiveX controls in your browser. In internet explorer, go to Tools >> Internet options >> Security >> Internet >> Custom Level and enable all the ActiveX controls and submit. Close the browser and open once more and try to log in.
- c. Even then you are not able to login, please call our helpdesk to attend the same.

6. What is this DSC password that is given along with the e-Token?

The e-Token has one unique password to access the DSC certificate. For PKI Login, the Vendor has to enter this password. If the Vendor forgets the password, the token will be automatically blocked for security reasons.

7. Is there a separate password for the hardware e-Token?

There is no separate password for e-Token hardware.

8. If I forget my DSC password or initialize the e-Token, what should I do?

If DSC Password is misplaced OR e-token is initialized, the Vendor cannot access the certificate. You have to apply for a new DSC and update the same in the e-token. Contact the help desk for support.

What is an e-Token?

1. The e-Token contains a smart card-like chip. Users can use it to store a variety of personal information, such as user names, passwords, cryptographic keys, licenses, credentials or other data.
2. Users cannot duplicate information on the e-Token. This means you can use it to store credentials that grant access to Internet services with confidence that the access will not be shared.

3.What is stored in e-Token?

The individual's DSC is stored in the e-Token. This is done by the Registration Authority who has processed your application and installed the .PFX file to the e-Token. At any point of time, only one individual DSC can be stored in e-Token.

4. How to install the e-Token drivers?

There are different brands available in the market. Most popular are Alladin, Athena and Rainbow. The manufacturer provides the drivers to recognize the e-Token in the user's computer. Insert the Installation CD in your CD drive and follow the instruction. When prompted to insert the e-Token, then insert the e-Token in the USB Drive and proceed.

Some basic activity to be done include –

- a) Adding the e-procurement portal as trusted site
- b) Enabling the Active X controls in the Internet Explorer Browser
- c) Installing the Root and Chain Certificates of the CCA (provided in the CD)

For detailed help, pl. refer PKI Installation guide in Help section.

5. Care instructions for handling your e-Token

- a. Do not try to format or initialize the e-Token because this will result in loss of the Digital Certificate.
- b. The DSC in the form of .PFX file is installed on the e-Token. This cannot be copied or backed up elsewhere.
- c. The RA provides you a default password at the time of issue. You are advised to modify the password. Take care to remember the modified password when you use the same for E-procurement activity.
- d. More than 3 failed attempts using wrong password will disable your e-Token. The DSC can never be retrieved. You will have to apply for a fresh Digital Certificate that will take minimum 3 days.

FAQs on Tendering Activity

1. How do I know that a tender is published?

You can find the same through “Tender Free View” link.

2. Do I pay for the tender documents?

- a) Check with the Buyer department. Few departments insist Vendors to remit the cost towards Tender Form Fee and then obtain the tender documents.
- b) Some departments allow you to download the tender documents at the time of online request itself. Initially all the tender documents are issued free of cost, but while submitting the tender, you need to enter the DD details of Tender form fee, e-Tender processing fees, wherever applicable.

3. How do I submit my tender to the department?

The tender documents can be downloaded from the e-Tendering portal. You can fill the tender documents along with EMD and submit online along with the scanned certificates required for the tender.

4. Can I download the drawings related to the tender if any?

Yes. Since drawings are part of the tender documents, while downloading the tender documents, these drawings can also be downloaded.

5. How do I view the drawings related to the tender if any?

Drawings will be usually uploaded in the .JPEG or .GIF format which can be viewed in MS paint.

6. How do I submit the EMD?

BG/DD taken for EMD is scanned and should be attached to the tender during submission. The originals should be handed over to the department before tender opening.

7. How do I upload and attach my additional certificates to the tenders?

You can upload all your certificates or documents through "General Documents" link. This link acts as a library where you can store any number of documents/certificates at any point of time. These certificates can be attached to any number of tenders (for attaching the file through "General Document" link, see help file).

In case you are facing any problem of not uploading the general documents, then open your image file in MS Paint, go to Image >> Stretch/Skew >> Reduce the size of the image to 50% >> save image and then try to upload the same.

8. How do I confirm my tenders are submitted without any problem?

Once you submit your tender, you will be provided with an acknowledgement along with token number, time stamp and list of submitted documents which confirms that your tender has been successfully submitted in the portal.

9. Can I resubmit the tender repeatedly till the tender submission or closing date?

Check with the Buyer department. If the multiple submission facility is allowed, then you can submit the tender any number of times till the tender submission or closing date.

10. If I change my bid after initial submission, do I need to click "submit" button once again?

Yes. Whenever you change your submitted bid, you should click "Submit" button compulsorily to attach the fresh bid to the tender. If you fail to do so, the previously attached bid will be valid and taken for evaluation.

11. How will I come to know that my bid has been opened?

On the opening date, you can login and see the tender opening process.

12. How should I confirm my tenders are not opened by any third party before the Date of opening?

The system does not allow your bids to be opened before the due date specified in the Tender Schedule. The Tender Inviting Authority is given the rights to open the tender using his valid digital signature certificate in e-Token.

13. Can I view the proceedings of opening of technical bid?

Once the tender is opened, you will view and download the competitors bid sheets under the 'Edit Attachment' screen.

14. Can I refer to my tender documents submitted to the departments?

Yes. All the submitted documents can be viewed through "Tender Document" screen in your login.

15. How much space is provided to me for storing my documents online?

Presently there is no restriction on storing capacity. Preferably, it is advised to have around 100 documents in the General Documents Library. Old records may be archived for convenience.
