

Technical awareness for DD Freedish Customers

This webinar is specifically targeted for existing customers so that they have better know how of their DD Free Dish DTH set up. Participants will not be required to have any technical background to follow the webinar and will be very useful for having better understanding of their Free Dish DTH set up.

Some of the topics that will be covered in webinar

1. Brief understanding about your Free Dish DTH set up.
2. How to enter installation parameters in MPEG 2 and MPEG 4 Set top box.
3. Retuning of already installed detuned DTH dish without using any instruments.
4. How to do simple trouble shooting of your DTH setup.
5. How to move, rename, delete, add favourite channel in set top boxes.

In addition a brief about channels available in DD Free Dish Bouquet and Geo locator app on Prasarbharati website will also be included in webinar.

In this webinar Q & A will be taken by the experts at the end of the session (through chat)
