Reply of suggestion/request made by M/s Arraycom (India) Ltd for change in specification.

Subject :- SITC of Mobile Digital Satellite News Gathering (DSNG) Equipment and Measuring Equipment for NBH, Akashvani, Delh

Tender No. 12(105)/10/DSNG/2023/693/D(P-S)Cell

| S.No. | Reference of bidding document | | | | Bidder's query | | SCD Comments |
|-------|-------------------------------|----------|----------------------|--|--|--|--|
| | Sec No. | Page No. | Clause No. | Subject | Change to amend as | Justification given | |
| 1. | Technical Specs. | 9 | 5.10 Delivery period | The delivery period for SITC and handing over the complete installation shall be 5 months of all the items from the date of A/T including NOCC clearance or 5 months from the date of Decision Letter (DL) from WPC in respect of RF equipment whichever is later. | - The delivery period for SITC and handing over the complete installation shall be 7 months of all the items from the date of A/T including NOCC clearance or 6 months from the date of Decision Letter (DL) from WPC in respect of RF equipment whichever is later. | Based on our exhaustive experience in executing projects like TV/FM Transmitter/ Earth Station/ DTH etc., we feel time stipulated in the tender for delivery is very short. The project is on SITC basis; thus, the scope of work has been widened. Based on our recent most experience we would like to mention that NOCC clearance alone will take 1 - 2 months' time to complete. Also, there might be WPC Decision Letter will be required during Import. And Initiation of purchase procedure and opening of L/C can take place only after getting the WPC Import License. Since the quantity of equipment to be manufactured by OEM is quite large, they will also take more time in manufacturing the equipment. Further, the assembling of various equipment into the DSNG vehicle will also take approx. 40 to 45 days of time. Under the circumstances and in the interest of proper execution of the project. | Seeking extension of delivery period i.e from 5 months to 7 months is beyond the scope of design wing as sufficient time was given for industrial feed back at the time of framing the specifications with general conditions. |
