The certificates from user organizations for each successful contract (post 5 year from ASP's business initiation) would just be utilized to check the claim of the no. of years in business by the ASP (post 5 year from ASP's business initiation). Marks would be provided based on completed years in business only (post 5 year from ASP's business initiation) and not based on no. of certificates or no. user organizations of the ASP.</p> <p>E.g. The certificates from user organizations for each successful contract (post 5 year from ASP's business initiation) would just be utilized to check the claim of the no. of years in business by the ASP (post 5 year from ASP's business initiation). Marks would be provided based on no. of certificates (be it from same user organization or multiple user organization) and the years of servicing mentioned therewith.</p> <p>E.g. XYZ company started in 2010, they submit three certificates as follows:</p> <ul style="list-style-type: none"> <li>• Certificate 1: Contract duration of 2 years (2016 and 2017)</li> <li>• Certificate 2: Contract duration of 1 years (2018)</li> <li>• Certificate 3: Contract duration of 2 years (2018 and 2019)</li> </ul> <p>In above case, 1 mark will be given for each of the respective year mentioned in Certificate</p>	The clause is self-explanatory. ## Corrigendum-02 and Clarifications on Pre bid queries of tender No.03(1)11/E-Procurement/2012/D (P)/Vol-III/01

46	3	Clause No.1.8.3	The Bidder should be providing e-Tendering (e-Procurement, Reverse auction and Forward Auction) services (ASP) to Government/ PSUs and other government offices only for a minimum of last 5 years using the same platform/solution that is being offered in this bid.	Bidder should be in the business of e-tendering/ e-procurement solutions for a minimum of 2 years.	Clause Amended : The Bidder should be providing e-Tendering (e-Procurement, Reverse auction and Forward Auction) services (ASP) to Government/ PSUs and other government offices only for a minimum of last 2 years using the same platform/solution that is being offered in this bid.
47	3	Clause No.1.8.3	Proof to be submitted: Performance certificates from users organisations to whom bidder is providing services for last 5 years using the offered solution/ platform	Proof to be submitted :- Performance certificate from users organizations to whom bidder is providing services for last 2 years using the offered solution/platform	Clause is amended : Performance certificates from users organisations to whom bidder is providing services for last 2 years using the offered solution/ platform
48	3	Clause 1.7	Tender Document may be downloaded from website of the Prasar Bharati, <a href="http://www.prasarbharati.gov.in">http://www.prasarbharati.gov.in</a> or Central Public Procurement Portal <a href="https://www.eprocure.gov.in">https://www.eprocure.gov.in</a> or <a href="https://tenderwizard.com/PB">https://tenderwizard.com/PB</a> well before the deadline for submission of bid. After downloading/ getting the Tender document/schedules, the bidder should go through them carefully and then upload the requisite documents on <a href="https://tenderwizard.com/PB">https://tenderwizard.com/PB</a>	(1) Prasar Bharti already uses the services of ITI Ltd, through Tenderwizard as the service provider for the web based bidding platform and the above tender is also hosted on the Tenderwizard portal. The company is also an active bidder for the same tender.	It is regretted. Refer GFR 2017, Rule 160 (i)
49	3	Clause 1.7		(2) It would be better if the bidding service platform is neutral, which gives more reliance to bidders and will be in public interest at large. In this regard, Central Public Procurement Portal shall be used to host the above tender or otherwise manual tendering process may be opted.
