The Bidder has absolutely and unconditionally accepted these conditions. The Organisation and the Bidder have agreed that NIT/tender document is an offer made on the condition that the tender, if submitted would be kept open in its original form without variation or modification in a manner not acceptable to the Organisation for a period of \_\_\_\_\_ days, i.e., from \_\_\_\_\_ to \_\_\_\_\_ or any extension thereof and that making of the tender itself shall be regarded as an unconditional and absolute acceptance of the conditions, contained in NIT and the tender documents. They have further agreed that the contract consisting of NIT/Tender documents as the OFFER and submission of the tender as the ACCEPTANCE shall be a separate contract distinct from the contract which will come into existence when the tender is finally accepted by the Organisation. The consideration for this separate initial contract preceding the main contract is that the Organisation is not agreeable to sell the NIT/tender documents to the Bidder and to consider the tender to be made except on the condition that the tender shall be kept open for the period indicated above and the Bidder desires to make a tender on this condition after entering into this separate initial contract with the Organisation promises to consider the tender

on this condition and Bidder agrees to keep this tender open for the required period. These reciprocal promises form the CONSIDERATION for this separate initial contract between the parties.

2. Therefore, we \_\_\_\_\_ registered \_\_\_\_\_ (indicate the name of Bank) under the laws of \_\_\_\_\_ having head/registered office at \_\_\_\_\_ (hereinafter) referred to as the "Bank" which expression shall, unless repugnant to the context or meaning thereof, include all its successors, administrators and executors hereby issue irrevocable and unconditional bank guarantee and undertake to pay immediately on first demand in writing Rupees \_\_\_\_\_ at any time immediately on such demand without any demur, reservations, recourse, contest or protest and/ or without any reference to the Bidder and any such demand made by the Organisation on the bank shall be conclusive and binding notwithstanding any difference between organisation and the Bidder or any dispute pending before any court arbitrator or any other matter whatsoever. We also agree to give that Guarantee herein the Organisation in writing. This guarantee shall not be determined/discharged/affected by the liquidation, winding up, dissolution or insolvency of the Bidder and will remain valid, binding and operative against the bank.

3. The bank also undertakes that the Organisation at the option shall be entitled to enforce this guarantee, against the Bank as a principal debtor, in the first instance, without proceeding against the Bidder.

4. The bank further agree that as between the bank and the Organisation, for purpose of the guarantee, any notice of the breach of the conditions contained in NIT and other terms and conditions contained in the Tender Documents as referred above given to the bank by the Organisation shall be conclusive and binding on Bank, without any proof, notwithstanding any other matter or difference or dispute whatsoever. We further agree that this guarantee shall not be affected by any change in our constitution, in the constitution of the Organisation or that of the Bidder. We also undertake not to revoke, in any case, this Guarantee during its currency.

5. The bank agrees with the Organisation that the Organisation shall have the fullest liberty without our consent and without affecting in any manner our obligations hereunder to vary any of the terms of the tender or get extension of the validity period from time to time. We shall not be relieved from our liability by reason of any such variation or extension of the validity period or for any forbearance, act of omission and commission on the part of the Organisation or any indulgence shown by the Organisation to the said Bidder or by any such matter or thing whatsoever which under the law relating to sureties, would, but for this provision, have the effect of so relieving us.

6. Notwithstanding anything contained herein above our liability under this Guarantee is limited to Rupees (\_\_\_\_\_ only) in aggregate and it shall remain in full force upto and including 45 days after \_\_\_\_\_ unless extended further (indicate the last date of validity period) from time to time, for such period as may be instructed in writing by M/s \_\_\_\_\_ on whose behalf this guarantee has been given, in which case, it shall remain in full force up to and including 45 days after the expiry of extended period. Any claim under this guarantee must be received by us before the expiry of 45 days from \_\_\_\_\_ or (indicate the last date of validity period) before the expiry of 45 days after the expiry of extended period, if any, if no such claim has been received by us within 45 days after the said date/extended date, the rights of the Organisation under this guarantee will cease subject to Para 8. However, if such a claim has been received by us within and upon

forty-five days after the said date/extended date, all rights of the organisation under this guarantee shall be valid and shall not cease until we have satisfied that claim.

7. In case contract is awarded to the Bidder here in after referred to as "Contractor" the validity of this Bank Guarantee will stand automatically extended until the contractor furnished to the Organisation a bank guarantee for Rs. \_\_\_\_\_ (in figure) (Rupees \_\_\_\_\_ only) (in words) towards performance guarantee for satisfactory performance of the contract. In case of failure to furnish performance bank Guarantee in the format prescribed by this Organisation by the required date the claim must be submitted to us within 120 days after the last date of validity period or extended period, if any. If no such claim has been received by us within 120 days after the said date/extended date, rights of the organisation under this guarantee will cease. However, if such a claim has been received by us within and up to 120 days after the said date/extended date all rights of the Organisation under this guarantee will cease. However, if such a claim has been received by us within and up to 120 days after the said date/extended date, all rights of the Organisation under this guarantee shall be valid and shall not cease until we have satisfied that claim.

8. The Bank confirms that this guarantee has been issued with the approval of appropriate Exchange Control Authority in \_\_\_\_\_ and any other authority (indicate the name of the country of issue of Guarantee) if required as per the laws of the country of issue of guarantee.

The bank confirms that this guarantee has been issued with observance of the appropriate Exchange Control rules and Regulations of the country.

In witness whereof the Bank, through its authorised officer, has set its hand & stamp on this \_\_\_\_\_ day of \_\_\_\_\_ at \_\_\_\_\_ of \_\_\_\_\_ (month & year)

NOW, THEREFORE,

~~To avoid all forms of corruption by following a system i.e. fair, transparent and free from any influence / prejudiced dealing prior to, during and subsequent to the currency of the CONTRACT to be entered into with a view to:-~~

~~Enable the BUYER to obtain the <SITC of \_\_\_\_\_> at a competitive price in conformity with the defined specifications by avoiding the high cost and distortionary impact of corruption on public procurement,~~

~~And~~

~~Enable the BIDDER/ SELLER to abstain from bribing or indulging in any corrupt practices in order to secure the CONTRACT by providing assurance to the BUYER that their competitors will also abstain from bribing and other corrupt practices,~~

~~And~~

~~Enable the BUYER to prevent corruption in any form, by its officials by following transparent procedures.~~

~~The parties hereto hereby agree to enter into this INTEGRITY PACT and agree as follows:~~

## ~~1. Article 1 – COMMITMENTS OF THE BUYER~~

~~1.1 The BUYER undertakes that no official of BUYER, connected directly or indirectly with the CONTRACT/ TENDER or the BUYER personally or any of his family members will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favor or any material or immaterial benefit or any other advantage from the BIDDER/ SELLER, either for themselves or for any person, organization or third party related to the CONTRACT in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the CONTRACT.~~

~~1.2 BUYER will, during the pre contract stage, treat all BIDDERS alike, and will provide to all BIDDERS the same information and will not provide any such information to any particular BIDDER/ SELLER, which could afford an advantage to that particular BIDDER in comparison to the other BIDDERS.~~

~~1.3 The officials of the BUYER will report to the Independent External Monitor (IEM) with a copy to the Chief Vigilance Officer (CVO) any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.~~

~~1.4 In case any such misconduct on the part of such official(s) of the BUYER is reported by the BIDDER to the BUYER with the full and verifiable facts and the same is prima facie found to be correct by the BUYER, necessary disciplinary proceedings, or any other action as deemed fit, including criminal proceedings may be initiated by the BUYER and such a person shall be debarred from further dealings related to the CONTRACT process. In such a case, while an enquiry is being conducted by the BUYER, the proceedings under the CONTRACT would not be stalled, unless considered necessary.~~

## **2 Article 2 – COMMITMENTS OF THE BIDDER**

- ~~2.1 The BIDDER commits himself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of the bidding or during any pre contract or post contract stage in order to secure the CONTRACT or in furtherance to secure it and in particular commits himself to the following:-~~
- ~~2.1.1 The BIDDER will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favor, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official or family member of the BUYER, connected directly or indirectly with the Bidding Process, or to any person, organization or third party related to the CONTRACT in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.~~
- ~~2.1.2 The BIDDER further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favor, any material or immaterial benefit or other advantage, commission, fees, brokerage, or inducement to any official of the BUYER or family member of the BUYER or otherwise in procuring the CONTRACT or forbearing to do or having done any act in relation to the obtaining or execution of the CONTRACT or any other CONTRACT with the Prasar Bharati for showing or forbearing to show favor or disfavor to any person in relation to the CONTRACT or any other CONTRACT with Prasar Bharati.~~
- ~~2.1.3 BIDDER shall disclose the name and address of his agents and representatives and the Indian BIDDERS shall disclose his foreign principals or associates, if any.~~
- ~~2.1.4 BIDDER shall disclose the payments to be made by them to agents/ brokers or any other intermediaries, in connection with this TENDER/CONTRACT.~~
- ~~2.1.5 The BIDDER further confirms and declares to the BUYER that the BIDDER is the original manufacturer/ authorised partner of the <SITC of \_\_\_\_\_> and has not engaged any individual or firm or company whether Indian or foreign other than those Para 2.1.3 and Para 2.1.4 above, to intercede, facilitate or in any way to recommend to the BUYER or any of its functionaries, whether officially or unofficially to the award of the CONTRACT to the BIDDER.~~
- ~~2.1.6 The BIDDER will not collude with other parties interested in the CONTRACT to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the CONTRACT.~~
- ~~2.1.7 The BIDDER will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.~~
- ~~2.1.8 The BIDDER shall not use impropriety, for purpose of competition or personal gain, or pass on to others, any information provided by BUYER as part of the business relationship, regarding plans, technical proposal and business details, including information contained in any electronic data carrier. **3.13.2** The supplier/contractor should make available to the Organisation and any other individual/agency authorised by the Organisation for the purpose of inspection all its records and results in respect of inspection, test and analysis conducted by it as part of their manufacturing and testing operation under the applicable codes and practices specified by expression or implication in the tender.

**3.13.3** Inspection tests and analysis shall be carried out/conducted at the supplier's/contractor's works by the authorised representative of the Organisation and the cost of such inspection tests and analysis including the cost of to and fro air fare and accommodation and cash allowances payable shall be borne by the Organisation.

**3.13.4** The Contractor shall provide and deliver free of charge for tests/analysis by an independent authority at any such place or places as the Organisation or its authorised inspector may reasonably require such raw material (s) used or intended to be used for the contracted work by the Contractor as the Organisation/Inspector shall consider necessary. The cost of such tests/analysis shall be borne by the Contractor.

**3.13.5** This Organisation shall be entitled at all times, whether prior to, during or after the completion of inspection by itself and/or through inspectors appointed by the Organisation at the Organisation's cost, to inspect, test and/or analyses and/or to direct the Supplier/Contractor in all respect of any store(s) or materials processes used or proposed to be used in the fabrication of the product of any of them. The said inspection, tests and analysis as far as required, is to be conducted in the presence of the inspectors. The supplier/contractor shall ensure that the inspecting personnel referred to above are given free access to all the required places and information connected with their work, besides working facilities to carry out their function.

**3.13.6** Should the supplier/contractor fail to comply with any of the provisions aforesaid relating to inspection, testing and /analysis the Organisation shall be entitled by itself and/or through inspectors to conduct or have conducted the inspection, test and/or analysis at the risk and expense of the supplier/contractor in all respects.

**3.13.7** No rejected raw materials shall be used for the contracted work or re-tendered for inspection and/or test except with the prior permission of concerned Inspectors.

**3.13.8** Unless otherwise specifically authorised by the Organisation in writing, the supplier/ contractor shall not ship or despatch for shipment under the contract entered into, any material which has not been properly inspected/tested marked

and in respect of which a certificate of quality has not been issued or signed by the inspectors.

**3.13.9** In addition to the general conditions of the inspection stated above, the supplier/contractor shall also satisfy all the specific conditions of inspection as enumerated in the specification attached.

**3.13.10** In addition to inspector(s) the Organisation shall be entitled to nominate, depute or designate a representative to be stationed at the supplier's/contractor's factory in order to supervise and/or coordinate operations related to the contract. In the event of there being more than one factory involved in the work entrusted to the supplier/contractor, the Organisation shall be entitled to nominate/depute or appoint such representative(s) as necessary in respect of each such factory.

**3.13.11** The supplier/contractor shall ensure that the material to be supplied against this order shall be individually inspected, tested and analysed in terms of the specifications attached to the tender and the relevant codes and practices specified therein by expression or implication. Necessary test reports shall be provided as required.

**3.13.12** The posting of such a representative by the Organisation or his actions in any manner does not absolve the supplier/contractor of any liability, and/or responsibility under this contract. The representative's posting shall be treated as advisory to the Organisation.

**3.13.13** For false calls for the cases where material is rejected on inspection, the supplier/Contractor will bear the actual cost of inspection incurred/suffered by the Organisation.

**3.13.14** Place of inspections specified in supply order will not be changed without written confirmation from the Purchase Authority.

### **3.14 SUB-STANDARD MATERIAL/REPLACEMENT OF REJECTED GOODS**

**3.14.1** If the Organisation finds that MATERIAL supplied are not of the correct quality or not according to specification required or otherwise not satisfactory owing to any reason of which the Organisation will be the sole judge, the Organisation will be entitled to reject materials, cancel the contract and buy its requirement in the open market at the risk and cost of supplier, reserving always to itself the right to forfeit the security deposit/performance bonds placed by the supplier for the due fulfilment of the contract.

**3.14.2** Rejected goods should be removed and replaced within 14 days of the date of communication of rejection.

### **3.15 SUBLETTING AND ASSIGNMENT**

**SUMMARY:**

Medium frequency self-radiating omnidirectional and directional array masts at various stations of AIR are required to be repaired/renovated during XI th Plan under Replacement scheme. The works are to be carried out as per these detailed specifications. Deviations in the works from specifications, if any, will be brought out clearly by the tenderer.

- N.B:** 1. The tenderer should go through all the sections of the specifications carefully and shall submit clause by clause compliance of all sections clearly. **Tender without clause by clause compliance shall be rejected.**
- 2 The tender shall indicate the list of items offered as per schedule of requirements (Annex-II) in the technical bid without price/cost to assess the completeness of requirement.
- 3 The tenderer shall visit the site before submitting the tender for a realistic offer. A certificate along with the site report duly signed by station authority & tenderer's representative is to be enclosed with the tender. Concerned station authorities are to coordinate with the representative(s) of tenderer(s) as and when approached for site visit in consultation with zonal office. Zonal office and station authorities shall ensure that the scope of works and subsequent material requirement is uniform for all the tenderers.

## **SPECIFICATIONS FOR MISC. WORKS OF SELF RADIATING MW MASTS.**

Specification No.XTA-320.

### **I. INTRODUCTION:**

This specification covers the detailed aspects of miscellaneous repairs/renovation works of MW masts including replacement of old, rusted, defective Guy Ropes, link plates, cotter pins, straining screws, Guy and mast base insulators if found damaged / defective, RF chokes, Aviation Lighting system by utilizing the existing fixtures to the extent feasible with wiring including material as per site conditions based on actuals, repainting of the masts and repairing of Mast base and Guy anchor foundation blocks if required and various miscellaneous works required for existing medium frequency self-radiating antenna without modifying the guy levels & attachment configurations from mechanical point of view being used as self-radiating mast with broadcast transmitters in the frequency range 531-1605 KHz at various stations of AIR. The relevant drawings of old masts as indicated in the annexure-III shall be part of this specification. A tentative schedule of works to be carried out / items to be replaced is indicated in Annexure - II.

### **II. GENERAL CONDITIONS:**

#### **1. Language and system of Measures:**

All information supplied by the tenderer and all markings, notes, designations on the new drawings if required and associated write-ups etc. shall be in the "English" language.

All dimensions and units on drawings and all references to weights, measures and quantities shall be in "Metric" Units.

#### **2. INFORMATION/DOCUMENTS TO BE SUPPLIED ALONG WITH TENDER:**

- 2.1 A comprehensive schedule of materials offered along with quantity of each item quoting per unit rate.
- 2.2 The details of the internal test procedures/standards followed for quality control of the material offered as replacement for existing defective, rusted, worn-out material.
- 2.3 A general undertaking to accept / furnish the guarantee, which will be required to be complied by the tenderer as listed under Clause XI, of this section –I.
- 2.4 A detailed & comprehensive schedule of activities to be undertaken for replacement cum misc. works.
- 2.5 Any other information which the tenderer feels relevant to his offer.
- 2.6 Site visit certificate & report.

#### **3. LIST OF STORES/MATERIALS TO BE REPLACED:**

A detailed list, after inspecting the mast at site, of the defective material, shall be prepared in the presence of consignee's representative duly certified by both the parties for submitting realistic offer. Zonal office and station authorities shall ensure that the scope of works and subsequent material requirement **in respect of each site** is uniform for all the tenderers.

#### **4. DELIVERY OF MATERIAL/COMPLETION OF WORKS:**

The work shall be completed within **9** months from the date of award of the tender. The period of completion of works including the supply of replacement material shall be reckoned from the date of acceptance of tender and shall be firm without any further

qualifications.

**5. MATERIALS, WORKMANSHIP AND MISC CONDITIONS:**

- 5.1 Supplier shall warrant that all the stores and components supplied under the subject order shall be new (except those being reutilized), of good quality and as per the relevant specifications. They shall be free from defects (even from concealed faults, deficiency in design, materials and workmanship.)
- 5.2 Should any defects be noticed in the design, material and/ or workmanship of any material supplied, within 12 months from the date of handing over to AIR, it shall be replaced by the supplier free of cost to the consignee. All India Radio shall inform the supplier about any defects noticed. On receipt of such intimation, the supplier shall depute their personnel within 14 days to investigate the cause of defects and arrange rectification/ replacement/ modification of the defective material at AIR site without any cost to All India Radio. All such rectifications/ replacements modification of the defective material shall be done immediately, within a period not exceeding one month from the date of inspection by the supplier. If the supplier either fails to depute their personnel within 14 days or take proper corrective action to repair/ replace the defective item/ items satisfactorily within the period of one month as stated above, All India Radio shall be free to take such corrective action as may be deemed necessary, after giving notice to the supplier, at the risk and cost of the supplier.
- 5.3 In case defects are of such nature that the defective material is required to be taken to tenderer(s) works for rectification, the tenderer may be allowed to take the same after giving necessary undertaking or security as may be required by All India Radio. All India Radio shall, if so requested by the tenderer, dispatch the stores "By Air" on "Freight-to-pay" basis, to the tenderer's works. After repairs tenderer shall deliver the stores at site on "Freight Pre-Paid" basis. All risks in transit, to and fro, shall be borne by the tenderer.
- 5.4 If the tenderer fails to honor his obligation to repair or replace defective goods within the stipulated period of time or if the tenderer refuses to carry out the work under the guarantee clause and implied guarantee conditions or if danger is anticipated or in case of severe urgency, All India Radio shall be entitled to carry out, at tenderer's cost and risk, the required repair work or replacement done by a third party. In case all the goods have not been delivered by tenderer, All India Radio will be entitled to procure the remaining goods at tenderer's cost and risk. This would not relieve the tenderer of any of his guarantee obligations. Taxes and duties of any kind whatever imposed by the authorities shall be borne by the tenderer.
- 5.5 AIR will not be responsible in any way for the safety and security of the contractor's Men and material etc. The storing & Safety of dismantled material including tools/materials required for works shall be the sole responsibility of contractors even though these are stored inside AIR premises.  
The contractor shall insure his men while working at AIR site, against any injury, accidents death etc. Similarly, the equipment, instruments, tools etc., belonging to the contractor shall be insured against damage, loss, theft etc.
- 5.6 The contractor shall insure safety of AIR's Inspectors while on Inspection at the AIR site against any injury, accidents, death etc, at no extra cost to AIR.
- 5.7 The detailed list of materials / parts required to be replaced other than guy assemblies, on account of being worn out / naturally defective / damaged shall be prepared and submitted for approval for their replacement before taking up the work. For payment purpose on actual basis unit rates for items like guy and mast base insulators and various mast members on running length basis may be quoted in the tender. This will include cutting, brazing / welding, galvanizing and retrofitting etc. However, for quote purpose, quantities of guy insulators, mast base insulator and running length of mast members and guy wire as indicated in the schedule of works may be quoted for each mast in the tender, even though payment will be done on actual basis only.

## **6.0 PERIOD OF WORKING:**

Due to operational transmitters, the working hours shall be limited to the gap between 1st and 2nd transmission during day time and after close down (11:15 PM) and up to 05:00 AM, (before the onset of 1st transmission) during night time. Therefore, work shall be carried out in coordination with the concerned DDG (Engineering)/ DDE /Station Engineer and Zonal Addl. DG(E) under intimation to Directorate. For assessing the quantum of works, involved the help of drawings enclosed, may be taken. In addition, the field visits to sites may have to be undertaken by the tenderer for making a complete, comprehensive & precise estimation of the job.

## **7.0 PAYMENT TERMS:**

The Contractor shall intimate about the completion of work, well before delivery period. A joint inspection (Zonal Office, Station Concerned and Contractor) will be carried out to assess the completion of work, before releasing payment.

100% payment will be released on satisfactory and successful completion of work at site. Further the contractor/supplier/firm should submit all the bank details such as:

- a. Name of the Bank
- b. Branch
- c. Account Number
- d. IFSC code
- e. MICR Code

along with their bill for online payment. Photostat copy of the cancelled cheque leaf may be enclosed.

## **III. Material:**

- (a) Design, fabrication and other details of material to be used for replacement of old, worn out parts shall be in accordance with IS-806-1962 (with its latest amendments).

(b) Galvanising :

To prevent corrosion, Antenna accessories and hardware to be supplied as replacement of old defective ones shall be galvanized after fabrication by the "Hot Dip Method" and shall conform to IS- 4759-1968 with latest amendments. The fasteners shall be galvanized as per IS-5388-69. The galvanizing shall be tested as per test procedure laid down in the relevant specification with latest amendments

(c) Superstructure, Ladder & Rest Platform:

There is no change in the configuration and lay out of super structure, mast base insulators, ladder and platform including guy anchoring points to masts and at ground. However, the worn out/ defective super structure members, bracings, fasteners, railings, ladder cage, ladder steps if any noticed during inspection survey or at the time of carrying out the work, based on actual be replaced by new ones of same strength of same material or equivalent to meet the desired mechanical strength to withstand the desired loading / pressures / wind load. The existing mast base insulators shall be re- utilised. However, spark gap across these is repaired / replaced by new ones. The spares available with the station, if any, can also be used in case of emergent requirement on recoupment basis.

(d) Guys:

The guy wire ropes supplied as replacement of old one shall be of stainless steel/galvanized steel wire of same or higher size and grade and shall be chosen with adequate factor of safety. The guy ropes shall conform to IS-2266/1970 and IS-3326/1966 (with amendments). The existing guy insulators/ RF Chokes of the old

mast are to be reutilized for the purpose. If any Insulator is found defective/ damaged, it shall be replaced by a new one of same type or having same electrical & mechanical strength. Before replacing such insulator approval of Directorate through consignee is to be obtained. The spare guy insulator available with station, if any, may also be used. Items like cotter pins, link plates, bull dog grips also shall be replaced as per actuals.

The guys shall be prefabricated to enable easy assembly at site. Provision shall be available to adjust at site the total length of each guy to take care of relative variations in the ground level at the mast base and guy anchor points as per actual conditions.

The tensioning device if available in existing structure shall form an integral part of the guy attachment assembly at the anchor end. The size and design of the guy ropes shall be same as with the existing mast. The new guy wire rope should withstand the designed mechanical stress with a safety margin of 3. So if required, the dia of guy wires be increased provided old insulators which are suitable for reutilization, fits correctly.

(e) Cable Connection:

Ferruling/sleeving or socketing used in each guy section including the straining screw should be designed to withstand 80% breaking load strength of main guy rope. Suitable locking arrangement also is to be made to avoid the slipping of sleeving/ socketing and guy straining screw under storm conditions by providing clamps as backup measures in addition to ferruling/ socketing. A sample breaking load test for a new fabricated guy section shall be taken in the presence of a representative. of AIR.

#### **IV. AVIATION OBSTRUCTION LIGHT & INTERNAL LIGHTING FOR TRIANGULAR MAST**

The existing antenna lighting will be replaced by solid state LED type. This includes SITC of AOL system. Existing Beacon lights at the top and Aviation obstruction light fittings at existing intermediate levels & internal illumination light for triangular mast shall be replaced by solid state LED type without any change in layout if it meets aviation safety regulations. The electrical cables, junction boxes, fuse fittings and water tight conduits of appropriate size from the bottom of the tower to the lights and all other accessories including their fasteners / clips etc. shall be replaced by new ones. No flexible conduit will be used while replacing the old one.

#### **V. ANTENNA LIGHTING TRANSFORMER:**

The antenna lighting circuit is connected to 230 V, 50 Hz mains supply through an Austin transformer which provides perfect isolation of the power mains circuit from the Radio Frequency voltages of the antenna. If the old transformer is defective, then it will be replaced by a new one of same rating otherwise the existing good one is to be reutilized. If there is no such device, a new of suitable ratings is to be provided. The supply against this tender is for a new transformer, it shall be water proof, outdoor type, complete with mounting brackets etc. The transformer primary shall have tapings for 5% and 10% voltage variations from the normal 230 volts, 50 Hz. The transformer and its fittings shall add negligible capacitance across the antenna base.

#### **VI. REPAIRS TO THE FOUNDATIONS:**

The repairs if any to the concrete foundations blocks for the Antenna structure, guy anchors and isolation transformer will be done by the tenderer as per the site requirements.

There is no change in the design of foundation blocks, however, if any slippage

is observed in any of foundation block, it will be strengthened by filling earth, securely packed all around it or suitably reinforced all around with cement concrete.

The mast base and the isolation transformer foundations will be covered with 1.6mm thick copper sheets of electrical grade on the top and all sides of the foundation upto a depth of 1 foot below the natural ground level to enable earth radials connection to it by AIR.

These sheets will be securely fastened to the foundation. The joints will be overlapping upto at least 1 inch and brazed continuously. The copper sheets, fixing and brazing material required for this work will be supplied by the tenderer.

**VII. DISMANTLING OF GUY ROPES FOR REPLACEMENT:**

The existing guy wire assemblies will be removed from mast by the tenderer taking care that there is no damage to the masts and guy insulators by providing temporary guys of poly propylene rope or any other suitable material for replacement/repair of old guy wire rope. The material of temporary guys should withstand the mechanical load of the mast and shall provide electrical insulation against RF pick up voltages.

**VIII. RE-HOISTING OF GUY WIRES:**

The complete re-hoisting of the guy wire rope will be done by the tenderer. Before hoisting of the guy ropes, the tenderer shall get them inspected and okayed by All India Radio representative/ inspector at site. The temporary guys will be removed after the repaired/replaced one are hoisted and properly tensioned.

**IX. PAINTING:**

The tower after repairs shall be painted in alternate bands of international orange and white as per standard practice. The band width shall remain as in the existing structure. The old paint shall be removed completely by sand paper scratching and scrubbing. Then a coat of etch/wash primer shall be applied for preparing the surface to receive paint. Primer under coat of zinc chromate shall, then be applied on the surface to make it ready for receiving the paints. Thereafter the surface shall be prepared by applying primer coat and final coats. The relevant IS shall be strictly followed for paints, primers and colour shades.

**X. GUARANTEE**

- a) The tenderer shall certify and guarantee that the design of the material fabricated including accessories has been done to ensure that antenna withstands the electrical and mechanical stresses at the rated power with adequate margin of safety as per original design.
- b) The contractor shall ensure that the main leg members of the antenna structure shall remain vertical within two minutes of the arc subtended at the base of structure after the repair. The twist of the mast members will not exceed 1/2 degree. The tenderer, before start of the work, shall take initial measurement of verticality and twist in the presence of representative of AIR and then verticality and twist should be improved for better to achieve above figures.
- c) The contractor shall ensure the safety of the mast during execution of job. In case of any damage to the mast, building or structure located in the complex, it will be binding on the tenderer to make good the damage / losses without any compensation from AIR.
- d) In the event of structural or electrical failure of the material supplied by the tenderer as new material within the guarantee period i.e. 12 months from the date of handing over after repair, on account of manufacturing defects, the tenderer shall undertake to replace the component parts which have failed and those which were damaged as

a result thereof and make good any other losses to AIR's equipment / property and personnel, free of cost and re-erect the tower.

**XI. DRAWING AND TECHNICAL INFORMATION:**

- a) A drawing showing the general arrangement of the antenna along with the technical information given in Annexure - I. shall be submitted along with the tender. List of old mast drawings showing the general layout, guy wire assembly details and details of mast base insulator are indicated in Annexure - III.
- b) The successful tenderer shall submit four sets of the following within two months of the date of acceptance of the tender.
- c) Complete schedule and details with plans for removing of old guy assemblies, re-hoisting of new guy wire assemblies, guy tension adjustments, painting etc.

**END OF THIS SECTION**

**Specification No.XTA-320.**

**ANNEXURE –I**

**TECHNICAL INFORMATION TO BE SUPPLIED ALONG WITH THE TENDER**

**1. Guy ropes:**

- (a) Type and I.S. specification reference.
- (b) Sizes of various guy ropes.
- (c) Maximum calculated working stress for each guy at the design load.
- (d) Calculated ultimate breaking strength of each guy rope (as modified by a factor depending on the type of connections).
- (e) Proof test load for each guy wire
- (f) GA drawing for guy wire assemblies
- (g) Potential distribution table along guy wire across each insulator & at attachment point.

**2. Type of Guy insulator protective device proposed to be used.**  
(Technical details and drawings showing simulated anti resonance impedance to be enclosed)

**3. Antenna lighting transformer/filter**  
circuit details with KVA ratings  
(Drawing and technical details to be given)

**4. Details of aviation lights with printed leaflet.**

**5. Wiring diagram of mast lighting.**

**6. Detailed procedure along with plan & schedule, for Dismantling of**  
guy assemblies and re-hoisting to the Antenna.

**7. A comprehensive list of the special tools, equipment and instruments**  
proposed to be used during repair for dismantling and re-hoisting of  
strengthened guys to the mast.

**5. SPECIFICATION FOR REPAINTING OF TOWERS**

Repainting of the Tower has to be carried out with one coat of primer and two coats of required International Orange/ Deep Orange / White Paint.

1. All Dust, dirt, grease, scale should be removed and the surface thoroughly cleaned.
2. No chemicals of any kind are to be used for removal of dirt, grease, scales etc.
3. Surface had to be perfectly dry.
4. No dryers like lithanage or turpentine has to be used. The practice of mixing kerosene oil with paint is strictly prohibited.
5. The surface should be cleaned thoroughly and a coating of primer should be applied before painting.
6. The recommended thinner, primer & paint will be supplied by the tenderer. This is a polymer paint and paint mix to be made as recommended by the manufacturer. Necessary guidance will be issued before commissioning of the work.
7. Painting should not be done in unusually high humidity conditions.
8. After application of primer as described above and ensuring that the surface to be painted is dry, apply first coat of final paint. Follow up the second coat of paint after 48 hours in dry weather.
9. The painting should be done carefully so that all the corners and crevices of the tower receive the paint evenly. The paint should be evenly and uniformly applied. The tower shall be painted in alternate bands of International/ Deep orange and White as per existing pattern.
10. The tower has to be painted with coastal climate Anti rust type special polymer paint. Tower has to be painted with 1 coat of poly Epoxy primer IS 5666 as per and 2 coats of Poly epoxy paint IS2932 in alternate bands of Orange and White as per Aviation Standard.
