**Subject: Policy for dealing with Abnormal High rate (AHR) and Abnormal Low rate (ALR) Bids.**

For dealing with the steep difference between the estimated cost and the L-1 offer, the following policy shall be followed by all the offices of Prasar Bharati Network, which has been approved by the Management Committee in its 106<sup>th</sup> meeting held on 27th October 2021.

2. In all future Tender documents following 'commercial terms for acceptance of Bid' are to be included:

2.1 After opening of the price bids, if the Lowest Bid (L-1) rate is found substantially higher than the updated cost estimate or available budget, Prasar Bharati will cancel the procurement process/ reject all Bids; Re-Tender will be invited afresh after detailed scrutiny of the estimated cost.

2.2 If the quoted rate for Bid, is found considerably lower than the estimated rates, it will be considered as abnormally low Bid; in such cases, Prasar Bharati may seek written clarification from the Bidder, including detailed price analysis of its bid price in relation to scope, schedule, allocation of risks and responsibilities, and any other requirements of the bid's document. If, after evaluating the price analyses, Prasar Bharati determines that the bidder has substantially failed to demonstrate its capability to deliver the contract at the offered price, the Prasar Bharati may reject the bid/proposal.

**3. Policy Guidelines for scrutiny of Bids:** (not to be included in Tender document)

3.1 The Substantially high-rate items are those whose quoted rates are more than 20% of the estimated cost, after considering the Price escalation for any unexpected reason, if any. The updated cost will be decided through the proper approval process by Prasar Bharati.

3.2 The abnormally low-rate items are those whose quoted rates are less than 20% of the estimated cost decided by Prasar Bharati.

**4. Alternate Option:**

When price escalation is envisaged due to any or all of the following reasons, after cost estimation has been carried out and before the opening

of bids, a committee may be formed with the approval of the competent authority to re-estimate the cost, which will then be considered as the estimated cost: -

- (i) Variation in the currency exchange rate.
- (ii) The government's revision of labour rates.
- (iii) Variation in the cost index
- (iv) Tax revision (if not referred to as inclusive).
- (v) For any other reason.

5. The percentage of variations could also differ for different types of procurement. Every time, this may be rechecked in the light of the guidelines for reasonableness of prices and market rate justification.

This issues with the approval of Competent Authority.
