Message

Dear.....

It gives me great pleasure to release the Combined Annual Training Calendar (ATC) of National Academy of Broadcasting and Multimedia (NABM, Delhi, Bhubaneswar and Regional Academy of Broadcasting and Multimedia (RABM) Shillong for the year 2026-27, for imparting training on various areas of Programme, Administrative and Technical fields.

The ATC covers diverse subjects related to Planning, Production and Management of Radio & Television programmes and related administrative matters so as to develop and explore innovative advances in a constantly shifting media landscape.

We recognize that personnel of our organization at various levels in different units of Programme, Engineering & Administration Divisions are the greatest assets and success is achieved through trained and motivated employees who are performance-driven at all times. Towards fulfilling this need, our NABM/RABM has scheduled a wide range of training programmes that are tailor made to meet professional as well as individual training needs.

We are committed to actively assist, encourage and harness the professional/technical capabilities of our employees through these training programmes. This Calendar is a compilation of the training programs scheduled to be carried out round the year. The trainings are designed to empower the participants with positive confidence and higher level of proficiency so that they can demonstrate and render adequate support to operating staff. The courses are multifold with various training modules covering all the needs appropriately. This Capability and Capacity Development Trainings (CCDP) provides a unique opportunity for understanding organization's best practices that would enhance individual knowledge and professional skills.

I congratulate the Central Training Cell and all training Academies for their concerted efforts in formulating these excellent training modules and hope that you will find the learning from these sessions equally interesting and effective.

With regards,

Yours sincerely,

(Prakash Veer)

TERMS, CONDITIONS AND COMMON GUIDELINES FOR NOMINATIONS FOR PROGRAMME /ADMINISTRATIVE & TECHNICAL TRAINING FOR THE YEAR OF 2026-27

A. SPECIAL REMARKS

- ❖ Some courses are likely to be merged with similar subjects based on various criteria /requirements.
- ❖ Above training courses are tentative in terms of number and subject, which have been planned keeping in view functional requirement of department i.e. manpower working in AIR/DD/PBS. However they are variable depending upon sanctioned or even a reasonable strength of training faculties in place, number of nominations received for particular training in view of cost benefit principle, availability of domain experts, funds under the respective heads etc.
- ❖ The above scheduled courses may be substituted or dropped, if demand based courses are received from the authorities if any.
- ❖ In case of number of nominations is less than 15 for any particular training, the same shall be cancelled/ rescheduled at a later date. However, in case of RABM Shillong, the limit is reduced to 10 nominations.
- ❖ Outside candidates may also be included in above training programmes on payment basis which may be communicated separately before commencement of the workshop.

B. COMMON GUIDELINES FOR NOMINATIONS FOR PROGRAMME/ADMINISTRATIVE & TECHNICAL TRAINING COURSES –

Following nomination related guidelines shall be adhered to while nominating personnel for training:-

- ❖ The nominations to NABM have to be made through HoO/Cluster Heads after due recommendations of concerned wing's Controlling Officers in case nominees are HoO/Cluster Head/HoP/HoE herself/himself, approval of concerned Controlling officer of the nominee is mandatory. Self-nominations shall not be considered. The Tour Sanction/Call Letters for shortlisted Nominees are in jurisdiction of ADG, NABM for every workshop.
- ❖ Officials retiring within one year from service need not to be nominated for any training except for workshops on special subjects scheduled or planned to be scheduled which may be communicated separately before each workshop.
- ❖ Normally Nomination of an official under difficult station tenure posting should not be forwarded before completion of his/her tenure. However, NABM Delhi may relax this provision keeping in view the functional requirement of desired skill for relevant personnel.
- ❖ In order to streamline need based programme production and management courses, those younger in age and less than 10 years of service may be preferred for programme production & presentation courses while those with greater length of service shall be preferred for programme management training and supervisory courses. However, criteria shall be decided by the NABM considering number of nominations received.
- ❖ In case of large number of nominations for any particular course, NABM may formulate separate criteria for shortlisting nominations for each course in different manner, based on nature and requirement of the course. No correspondence shall be entertained for including names in the tour order, if nominations are not considered due to any Administration Reason.
- ❖ Nominations should be forwarded by the AIR Stations & DD Kendras to NABM Delhi or its academies at Bhubaneswar & Shillong, as case may.
- ❖ Every nomination should be submitted with the approval of Head of the Office through GOOGLE FORM. Direct Nomination shall not be accepted from the nominee himself/herself except in special cases with approval from competent authority in NABM.
- ❖ In case a person, not from the designated cadre, is required to be sent on training it should be clearly justified by the HoE/HoO as the case may be.
- ❖ In case a particular person is very importantly required to undergo the particular training it should be specifically mentioned & enclosed a signed copy in GOOGLE FORM.
- ❖ Each personnel should get chance for nominations for training in accordance with these guidelines.
- ❖ Station/Kendras/Offices of AIR/DD/PB may forward their nominations for each course separately, as per circular of the respective Training Academies issued from time to time.

JURISDICTION AREAS OF TRAINING ACADEMIES FOR NOMINATIONS:

Concerned Academies should follow existing zonal jurisdiction for seeking nominations as mentioned below:-
(FOR ALL KIND OF TRAINING COURSES)

Academies	Jurisdiction	
NABM, Delhi	All India jurisdiction for all cadres	
NABM, Bhubaneswar	For all kind of courses	Odisha, W. Bengal, Madhya Pradesh, Bihar, Jharkhand, Chhattisgarh, Andhra Pradesh, Telangana, Karnataka, Kerala, Tamil Nadu, Puducherry, Lakshadweep, Andaman & Nicobar. Jurisdiction may be relaxed in the special cases with the approval ADG (Trg).
RABM, Shillong	For all kind of courses	Assam, Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Tripura, Sikkim, In case of dearth of Nominations the same may be solicited from following three states, W. Bengal, Bihar & Jharkhand

About the Training Academy

NABM the Apex Training Body of Prasar Bharati

Centre of Excellence

for CAPACITY BUILDING & SKILL DEVELOPMENT IN BROADCAST MEDIA

A PRASAR BHARATI INITIATIVE

Prasar Bharati is up skilling employees through National Academy of Broadcasting and Multi Media. National Academy of Broadcasting and Multimedia is imparting various trainings on topics pertaining to Program, Engineering, Administration and Management to the employees of Prasar Bharati. These training programs are of various levels ranging from induction/introductory courses to advanced levels for up skilling and refreshing the skills of Prasar Bharati Employees. NABM Delhi is a Premier National Level Academy for imparting training and skill development in the field of Broadcasting and Multimedia. It was established in 1948 as Staff Training Institute and has grown over the years emerging as a training hub even for broadcast professionals from other countries in Asia Pacific Region besides largely providing training to the Officers and staff of Prasar Bharati.

- ❖ At present NABM has three Academies located at Delhi, Bhubaneswar and Shillong. While NABM Delhi is the main Training Academy with headquarters, NABM Bhubaneswar and RABM Shillong also provide training and strengthen the training needs.
- ❖ The All Three academies are equipped with the state of the art Television and Radio Studio Set ups where actual Television and Radio Production could be demonstrated to the trainees. Various key concepts including lighting, audio, and camera control and post production explained for the benefit of broadcast trainees.
- ❖ Besides the studios the institute is also equipped with air conditioned class rooms, a computer centre and networking lab.
- ❖ To train the engineer's besides studios, the institute is also equipped with Radio (AM-MW and FM) and Television transmitters. A DRM transmitter is also available.
- ❖ All the measuring equipment used in television and radio production and transmission including satellite broadcast are available to provide in depth training on technical aspects.
- ❖ With a Library and conference hall the training institute is complete in all respect for providing training on all program, engineering and administrative concepts.
- ❖ NABM, Delhi over an area of 4.9 acres and also houses Hostel facility separately. The hostel has 128 Air Conditioned rooms of which 24 are double rooms.
- ❖ NABM, Bhubaneswar is spread over an area of 10.05 acres. With 6 lecture halls including a conference room it can train multiple batches of officers and staff of Prasar Bharati.
- ❖ Like NABM Delhi, NABM, Bhubaneswar is also equipped with TV and Radio studio, TV and Radio Transmitters, a computer lab, Library and Equipment for providing training on Editing, Computer Graphics, radio automation and satellite broadcasting. To better utilize the infrastructure, NABM Bhubaneswar has leased out part of its administrative building to Press Information Bureau and Regional Outreach Bureau. At NABM, Bhubaneswar the hostel has 114 rooms all of which are air conditioned. 104 are single rooms and 10 are double rooms to accommodate the trainees.
- ❖ RABM, Shillong is a Regional Training Academies to provide training especially to the man power posted in the North Eastern Region. It was set up in the year 1973 with 2 class rooms and a hostel having 30 rooms.
- ❖ **Key Training programs offered:-All the three institutes offer training program on the following topics largely at varying levels.**
- ❖ **Programme:** Program staff are trained in all aspects concerning content creation and post production including, Single and Multiple Camera production, Post Production and Editing , Art of giving Radio Commentary, Production of Short Drama and feature for Radio, Voice culture. Of late, training on how effectively to handle social media and how to leverage it is also imparted
- ❖ **Engineering:** The training on technical areas span from Studio lighting, Studio automation, measurements in various fields ranging from production to transmission, Air conditioning, Power supply gears, TV and Radio transmitters. Whenever any new equipment is inducted in the network, training is arranged on the same through the equipment manufacturers or their India representatives.
- ❖ **Administration:** It covers, Procurement, use of GeM, Administrative rules and regulations, Disciplinary procedures, Right to Information, Handling of Court Cases, E-Office, E-CAS, systems and all Administrative/

HR/Financial Matters.

- ❖ **International training:-** NABM also coordinates with Asia Pacific Broadcasting Union and Asia Pacific Institute for broadcasting development for organizing joint training programs, webinars. On request NABM also provide tailor made programs to the broadcast professionals from Asia Pacific Region.
- ❖ **Training of outside persons:-** Students of Engineering Colleges and Media Institutes recognized by Government. These training programs are especially done during vacations, Staff and students of Poly techniques. The courses are designed with a vision to foster and facilitate the attributes of the staff and also to increase awareness about the challenges of changing times vis-à-vis media/broadcasting. The Academy conducts about more than 200 courses every year and trains around 3000 engineering/programme/administrative personnel. Apart from this, the Academy collaborates with Asia Pacific Institute for Broadcasting Development (AIBD) and Asia Pacific Broadcasting Union (ABU) to organize trainings/workshops for the radio and television engineering personnel of various countries in Asia Pacific region. The Academy sometimes collaborates with organizations like-United Nations Children's Emergency Fund (UNICEF), Census of India and National Institute of Disaster Management (NIDM) to train the Programme Personnel of AIR & DD. Annually, approx. 3300 persons (in service as well as outside candidates) are trained. In addition "Summer Training for Engineering Students", Practical training to Journalism and Mass Communication students sponsored from various academic institute under the Practical Training Courses scheme of Prasar Bharati are also conducted. Recently various kind of courses like skill / re-skill / up-skill Broadcasters, Focus on Broadcasting, Multimedia and Social Media,Conducts Induction Courses for fresher's / promotes, Emerging as a Broadcast Training Hub for Asia-Pacific region, Equipped with State of the Art Television & Radio Labs have been organized.
- ❖ **Vision, Mission and Goal-**
- ❖ Aim to emerge as a Centre of Excellence in the Broadcast Sector in Asia Pacific Region.
- ❖ To Develop & Nurture the Broadcast Professionals for their Optimum Performance in the ever evolving Broadcasting Environment.
- ❖ Endeavour is to continuously focus on advanced digital production Techniques & broadcast technologies of Television & Radio.
- ❖ To mould raw recruits into broadcasting professional
- ❖ To upgrade the skills of personnel in tune with emerging technology and trend in the field of broadcasting
- ❖ To bring out training related material
- ❖ To assist in career growth of the staff
- ❖ Apart from the main functions of imparting training, the Academy Conducting Departmental Competitive Examinations, Direct Recruitment Examination, Preparing and updating Technical Manuals, Safety Manuals, Technical Monographs, as well as Publication of Newsletter, etc.
- ❖ **Facilities Available:-**The Academy has modern infrastructure to impart the training to keep pace with rapid technological developments. Class rooms are equipped with latest audio/visual facilities. It also has Radio & TV studios with latest production and post-production equipment, Measurement Lab, Computer Lab, Networking Lab, Radio & TV transmitters. It has a library with collection of over 12,000 books. It has excellent hostel facilities with 124 rooms. It also supervises the functions of NABM, Bhubaneswar, RABM, Shillong.
- ❖ Radio studio &TV Studio, Transmitter, Fully air-conditioned automated with collection of more than 12000 books
- ❖ Computer IT Lab/Computers with Internet/Wi-Fi facility /Advanced IT Lab, Server grade computers with high end Graphics card , Fully equipped laboratories: Digital Lab, Radio Lab, TV Lab & Antenna Lab, Air conditioning Lab, Class Rooms/ Conference Hall/ Auditorium, Air-conditioned classrooms with modern audio visual teaching aids.
- ❖ **Faculty:-** The training is imparted by both in house faculties and outside experts from various Ministries and departments, especially on administrative matters. The subject experts from the Radio and Doordarshan field units are also engaged to train the staff. Retired broadcast professionals were also engaged to provide training.
- ❖ **Hostel facilities at NABM, Delhi, Bhubaneswar and Shillong:-** NABM provides a well-equipped hostel facility, Comfortable stay facility, Clean/green surrounding, Hostel Ambiance, Hostel provides good ambiance for the trainees with Yoga facilities, Surrounded with trees and Well-maintained lawns, Lush green environment, Fresh air & peaceful surrounding. More than 200 Air-conditioned Rooms with Canteen facility, Yoga room, open Gym, Round the clock manned reception, Recreation room for trainees, Library, Internet / Wi-Fi are available at NABM, Delhi, Bhubaneswar and RABM, Shillong are available for departmental trainees and outside agencies and other visiting Govt. official subject to the availability on highly subsidised rates as per the approved rate card.

- ❖ **The Studios:** - are equipped with multi track digital audio recording system and play back facilities. Besides there is one 1 KW FM Transmitter and 1KW MW transmitter are in working condition for demonstration purpose. The TV studio is equipped with LED studio lighting systems with 3 Camera setup, digital vision mixer and Blue ray disc recording facility is available at NABM, Bhubaneswar. Besides the ENG unit is equipped with HDCAM for outside recording along with two NLE edit suit with FCP & CS-6 software attached with makeup room facility. Beside there is 100 W TV transmitter and PDA are available for demo purpose.
- ❖ **Computer lab:-**The lab is equipped with computer terminals connected with high speed inter net facilities for Web-bases training like PFMS, CAS/ABS/BATS/Cue sheet Generator, etc. training .Besides it is used for hardware and software training purpose also.
- ❖ **NETIA Lab.:-** The lab is equipped with 12 nos of latest computer terminals connected to Netia server for audio recording, play back and editing using Netia software.
- ❖ **NLE Lab.:-** The lab with computer terminals and server loaded with adobe-CS- 6 editing software can be utilized for individual hands-on practice by trainees.
- ❖ **Satellite Lab.:-** The lab is equipped with uplink and down link training kit for demo. And model of satellite, satellite launch vehicle also available for trainees
- ❖ **Microwave Lab.:-** The lab is equipped with TWTA,-KLYSORON oscillator, and various type antenna for demo. Purpose.
- ❖ **DIGITAL PROCESSING LAB.:-** The lab is equipped with various training kit like microprocessor, digital communication kit pertaining to existing MW and FM transmitter at AIR.
- ❖ **POWER SUPPLY LAB.:-** The lab is equipped with AVR, UPS along with SMPS trainer kit for demo purpose.
- ❖ **CLASS ROOM FACILITIES:** - The academy classrooms with 42 seating capacity .All class room are Air conditioned provided with LCD projector, white board and audio facility and teaching aids.
- ❖ **Faculty at NABM/RABM:** - NABM has excellent Broadcast Trainers and competent and experienced faculties, supported by field experts from Radio/TV.
- ❖ **Training Infrastructure-** A/C Class rooms equipped with teaching gadgets, full power back up, Smart boards, Overhead Projectors, Microphones/speakers ,Modular seating ,Technical Facilities, Dedicated professionally equipped Radio & TV Studios ,Equipped with latest professional broadcast equipment, Production and Post-Production Facilities, Computer Centre, Networking lab, Lecture Rooms with modern Audio Visual aids and Internet access, Well-equipped laboratories with Trainer Kits and jigs, State of the art measurement facility for Antenna, RF cable and field strength
- ❖ **Technical Facilities-** State of the art AM,FM and TV transmitters, Audio & Video labs equipped with demo-kits , Demo-kits for electronic circuits, digital systems, Demonstration of modulation techniques, Measuring Equipment for TV and Radio production, Transmission, satellite communication, Computer Labs, Office automation, Studio Automation, Multi track recording, Networking Server Administration, Computer Hardware, Basic Computer Courses.
- ❖ **Training in real studio environment** - Studio-lighting, Audio Balancing, Vision-mixing, Video production, Post Production techniques, Television Production, Single Camera Exercise, Multi- Cam Studio Exercise, TV Post Production, Chroma facility for changing background, HD cameras, latest NLEs and Graphics sets for hands on practice on editing and graphic ,Training on field production equipment. The setup provides a full-fledged studio environment to trainees like, multipurpose studio, Recording Booth, Transmission Booth, Control Room, Studio Automation with NETIA, Digital Audio Studio, and Hands on training on Digital audio Studio setup , HiFi microphones, Audio Mixers, Audio balancing techniques, Audio production techniques, Playback & dubbing equipment, Transmission equipment, Radio Production, Trainees learn & practice on -Drama Production, Feature Production, News Production, Data journalism, Musical production, Multi-media production.
- ❖ **Radio Transmitter-** One 1kW/10 kW MW terrestrial transmitters, Dummy loads for transmitters, Adjacent to the studio complex, Focus is on providing hands on practice.
- ❖ **TV Transmitter-**500 W Digital-Ready Analog transmitter, Low Power Antennas, Site master for measuring, VSWR of Cable & Antenna, Field strength, Spectrum Analyser, VM 700 for Video Measurement, Radio Studio.
- ❖ **Library & Documentation Cell-** Fully computerized with Bar-coding facility Containing 14000+ Technical as well as Programme & other literary books, Technical Manuals, CDs & DVDs, films, English and Hindi literature, Novels by eminent authors , Journals and Magazines. Documentation Cell has been created for creation of Graphics, Drawings, Training Material, Certificates, hand-outs Television Studios.
